

The Town Council held a special meeting Tuesday night, Nov. 9, 1948 in the Council room. Those present were Mayor J. W. Thomas, Council men H. W. Swalter, J. S. Turner, J. W. Amos, J. W. Lutz Jr., C. W. Swalter, W. H. Syla Jr., Attorney G. F. Whitley Jr. and Visitor F. M. Bonnett.

The Mayor called the meeting to order and asked for the unfinished business before proceeding with the budget.

The following names for additional firmen were presented and duly passed in: Richard Halland, Robert Lane, Bill Felt, Leon Wells, Horace Staggz and John R. Stallings, Jr.

A letter from N. W. S. Griffin Jr., Resident Engineer of State Highway Department was received stating no definite allocation from the Highway Department had been made for survey in the Horn of Orange and that such allocation would have to come from the Richmond office.

The following bids for installing and removing
Christmas lights were presented: R. L. Thompson - \$175.00
and Dale Electric Co \$140.00, Dale Electric Co. to be
covered by the town insurance. On motion made by
J. W. Lutz Jr., second by J. E. Turner the bid of
Dale Electric Co. was accepted with the provision
that lights be only to burn on Nov. 29, cut off
on Jan. 2. and lights to burn from 5 P. M. till 11:30 P. M.
The motion was duly carried.

The bills for the month were presented and ordered paid.

The following Committee head names were changed to agree with the set-up of the four books:

H.W. Walter	Chairman	Finance Committee
J.W. But Jr.	"	Public Safety - Police Division
W.H. Sykes Jr.	"	"
J.W. Ames	"	Public Welfare
E. Turner	"	Public Works

The Attorney stated to Munter Johnson was requesting the town to have the County School District Board reappoint P.D. Jewett, III, on the School Board to represent Springfield School District and to get the next Legislature to introduce the law allowing the Council the right to appoint the representatives on the School Board from Springfield School District. The Attorney recommended that the above be done. On motion made by J. W. Lutz Jr. second by W. H. Sykes Jr. the recommendation of the Attorney was accepted and the Attorney and Mayor were asked to see that same was done.

The project was presented and discussed at
some time established in the Smoking Times

The second making of the ordinance was held with a new ordinance of \$25.00 being levied in Paducah selling to licensed dealers and retailers. The attorney was asked to clarify the ordinance in those working by the hour and there having only one or two jobs in town.

W. H. Sykes Jr. reported in the Community Hall project stated that the lot in which the house Mrs. N. K. Jones stand could be obtained, at no additional cost to town, moving Mrs. Jones' house to the town's vacant lot in corner of Institute St. and Grace St., this would give ample room for the new Community Hall over the old one being torn down. The cost to the Community Hall fund for the moving of the house would run from \$3000 - \$3500. Mr. F. M. Bennett, Trustee of the Community Hall fund, stated he would under-write this amount, since it would come under the necessary expenses of the project and could be taken from the donation. Mr. Ames made motion, seconded by H. W. Gwaltney that the change of lots between Mrs. N. K. Jones and the town be made at no cost to the town and with the provision that enough room be left in Institute street to lay a 4' 6" sidewalk. There voting "yes" J. E. Town, J. W. Ames, J. W. Luter Jr., C. W. Gwaltney, W. H. Sykes Jr. and H. W. Gwaltney.

Mr. Gwaltney asked when the town contemplated fixing the street and gutters in Church street. The Council was undecided which town the work of the town or the Highway Dept. and Mr. Luter suggested a committee go to Richmond and see what appropriation could be gotten from the Highway Dept. There being no further business, the meeting adjourned.

RESOLUTION RELATING TO NEW COMMUNITY HALL SITE AND TO ACQUIRING LOT FROM ELLEN V. JONES, MAMIE C. WHEREAS it is deemed desirable to acquire of Ellen V. Jones, Mamie C. Jones and Nathan Kenneth Jones a certain lot to be used together with the Institute Lot now owned by the Town, as a site for the new Community Hall or Civic Center; and,

WHEREAS, it is possible to acquire said Jones property by exchanging for same, with certain conditions, a lot now owned by the Town located at the corner of Grace and Institute Streets, which lot is vacant and deemed unsuitable as a Community Hall site; and,

WHEREAS, the Town Attorney, pursuant to the direction of the Council, has drafted a Contract between the Town of Smithfield of the one part and Ellen V. Jones, Mamie C. Clerk's Office of the County aforesaid in Deed Book 111, at page 219; and,

"WHEREAS, the said parties of the second part are the owners, on the basis of a life right in the said Ellen V. Jones, and the remainder in the said Mamie C. "NOW, THEREFORE, THIS AGREEMENT WITNESSETH: That for and in consideration of the premises, and the mutual promises, conditions and obligations herein contained and on the part of the respective parties hereto to be kept and performed, and the mutual benefits and profits accruing and arising herefrom from the respective parties hereto, the said parties hereto have mutually agreed as follows, to-wit:

"1. That on or before the 1st day of September, 1949, the said Town is to move the dwelling house and all outbuildings now situate upon the hereinbefore described real estate belonging to the said parties of the second part, across Institute Street and upon the hereinbefore described vacant lot belonging to the said Town which it acquired by deed from Sallie A. Wright, et al.; and,

"2. That said dwelling house shall be placed in a position facing said Institute Street and in such a location with reference to the boundary lines of said vacant lot as shall be determined by the said parties of the second part, and said outbuildings shall be placed at such places as are designated by said parties of the second part; and,

"3. That said buildings shall be placed upon permanent and substantial brick foundations and their heights from the general level of the ground shall be such as is designated by the said parties of the second part, in no event, however, more than three (3) feet; and,

"4. That the present chimneys in said dwelling are to be removed therefrom and in the place and stead thereof said Town is to build two brick chimneys equipped with liners of standard sizes and accepted design, material and workmanship. One of said chimneys to be on the outside of said dwelling, on the South side so as to center the rooms upstairs and downstairs that it is to serve and shall have two flues. The other chimney is to be to the rear of the house and equipped with four flues; and,

"5. That in removing and constructing the chimneys as provided in the preceding paragraph all plastering removed or damaged in the process shall be replaced and provided with a finish in keeping with the rest of the plastering, and all flooring and any other part of the building damaged, shall be replaced, repaired and left in good condition; and,

"6. That the said parties of the second part reserve the right to construct a basement on the location to which said dwelling house is to be moved, but in event they do construct any such basement all foundations adjacent to the said basement shall be constructed and furnished by said parties of the second part. And in event a basement is so constructed it shall be completed not later than July 1, 1949, provided, however, that should said Town decide to complete the moving of said buildings prior to September 1, 1949, it shall give said parties of the second part notice thereof and said parties of the second part shall complete the construction of said basement and adjacent foundations within sixty (60) days of the date of said notice; and,

It being understood that the said parties of the second part are to have no financial obligations hereunder except the cost of the construction, if any, of the basement and the foundations incident thereto, and to make the conveyance hereinafter provided for; and,

"11. That upon the performance of said Town of its obligations hereunder, it, the said Town, is to execute and deliver a good and sufficient deed conveying to the said parties of the second part, on the basis of a life right to the said Ellen V. Jones and the remainder to Mamie C. Jones and Nathan Kenneth Jones, the aforesaid vacant lot hereinbefore more particularly described and which was acquired by said Town by the deed aforesaid from Sallie A. Wright et al., reserving, however, to the said Town a strip of land four (4) feet in width running the entire frontage of said lot on Institute Street for use in the construction of a sidewalk. And simultaneously with the execution and delivery of the deed aforesaid by the said Town, the said parties of the second part are to execute and deliver to said Town a good and sufficient deed, with covenants of General Warranty, conveying to said Town a good marketable title, free of liens, and together with all rights of way, privileges and easements thereto attached, to the hereinbefore described two (2) adjacent and contiguous lots of land now belonging to them.

The Town Council held its regular meeting Tuesday, June 1st, 1949, in the office of the Mayor. Those present were Mayor J.W. Thomas, Councilmen J.E. Tamm, H.W. Swallow, J.W. Amos, J.W. Lusk, J. W. Lusk Jr., John Chappell, H. Hubbard, L. Chappell, F.D. Chappell, Attorney J.F. Whitley, J. Visiter, R.W. Jones, W.D. Swallow Jr., J. J. Scott.

The minutes of the last regular and special meeting were read and approved upon the Mayor's motion that it be recorded. E.J. Cornwall had reported at the last regular meeting that the Mayor had never failed to cooperate with him.

The Mayor submitted his report which is recorded on page 22.

Dr. Amos reported that he had contacted Roy Hallman about hauling trash out of town and Dr. Hallman could not give him a price until found out how long it would take. Dr. Hallman bill for moving of March showed \$15.00 extra for out of town hauling. Dr. Amos was asked to put a definite commitment from Dr. Hallman for the \$15.00 for out of town hauling, which would be subject to cancellation by both parties.

The Town reported that the tree in front of J. S. Butler had been removed and sidewalk repaired, the street to be repaved in the near future. The Town also reported that Dr. R. H. Edwards had asked that the town remove the tree in his yard next to sidewalk, the U.S. P. Co. being willing to remove below the wires. It was decided that if the tree was not on Town property the Town could not remove it.

It was brought to the attention of the Council that the curb near the Masonic Lodge had been broken when a new sewer line was laid, which had had place in the street. The Mayor was instructed to contact person responsible for the laying of sewer line and have them repair same. The Mayor requested that S. Mason St. be kept open and parking on both sides be prohibited in order that the Town could get them in emergency.

The Town reported that town had no equipment for repairing streets. He was instructed to contact R. Griffith, St. Highway Dept. about borrowing one of the St. Highway Dept. trucks.

Mr. Whitley reported that the Building Committee of Springfield Baptist Church would like the town to help them remove the whole width of street beside the church or lay a concrete curb which could be used as a sidewalk next to the church. On motion motioned by

and decide.

Mr. Lutz reported that Mr. H.W. Jones would
like to know when his name would be moved.
Mr. Jones was told that a definite date could
be given him at next Council meeting in May.

Mr. Swalley reported that complaints had
been made to him of a Colonel by name of
Clinton Hardy, who had been in an institution and
known to be a my friend, was suspected as one who
had recently broken into home of Mrs. M.W. Sullivan.
Mr. Hubbard was asked to report as he had been
called to investigate this break-in. Mr. Hubbard
gave a detail report of his investigation, he having
called in the Sheriff and Clinton Hardy both
imprisoned him the first having seen the Colonel
man but he was not identified on the ~~street~~
man seen.

Mr. Hubbard also reported on the work
of Police car in which he was riding with Mr.
Jones driving the car. In choosing a car ^{in town} ~~to be~~
owned by F.D. Wren, then followed this car out of
town, which was speeding at 70 M.P.H., the car they
chose failed to make a turn causing the
police car to turn over. The driver of the choiced
car escaped. It was found that F.D. Wren Jr.
had used his father's car the same night but
claimed the car had been stolen while he was
in his father's workshop, however, he ~~did not~~
report the car as stolen.

Mr. Lutz reported that he had borrowed a
'47 model Ford for Police to use and asked bids
on fixing the car which ran from \$550-\$600,
allowance on new Ford and Chevrolet running from
\$960-\$975 difference, on motor made by W.H.
S. Jr., second by J.W. Am. it was decided to
purchase a 8 cyl. Ford from Kells Motor Co.
Selling motor "yes" W.H. J., J.W. Am., Mr. Lutz
Selling "no" J.E. Thayer, he wanted more
bids on 8 cyl. cars and "Miss Swalley" feeling
the town was loading the load in purchasing Ford
from Kells Motor Co.

A letter was read from R.E. Clay giving
the premium on Bodily Injury and Property Damage
showing \$7.00 more for 50,000-100,000 Bodily Injury
and \$5,000 Property Damage for 15,000-30,000
Bodily Injury and 5,000 Property Damage which the
towns present policy covers.

Mr. White read excerpts from a letter from
Attorney General stating the State, only, pays for
Justice and that the town attorney and Trial Justice

The Town had list of delinquent merchants license and we improved to turn over to Police Chief for collection.

Mr. Whitley also reported that he had been unable to contact Judge McLean about holding Town cases in Town. It was suggested by Mr. Whitley that the Town Trial Justice Court be set up in the next Legislature so that the Mayor, County Trial Justice or anyone else appointed by the Council can hold court for town cases.

On motion made by H.W. Gwaltney, second by J. E. Turner, the town was authorized to have a sale of delinquent 1947 local estate tax. A report from the Town of Ben. P. Chapman Memorial Library was read showing a balance of \$178.07 in Mer 1st. and \$360.48 in maintenance fund.

Mr. J. E. Turner reported that there was a page from the news in front of A. F. J. Jr. residence. The Mayor was instructed to make a complaint to Smithfield Water Co.

The bills for the summer were presented and ordered paid.

Mr. Turner reported that the lavatory installed in the jail would not pour inspection as was not right type. He was instructed to have R. L. Thompson make the correct type and noted same. Mr. Hubbard reported the door to cells was warped.

There being no further business, the meeting adjourned.

 would be available in Oct 1st. and that if any-
 one of fine citizens underwriting the amount
 \$7500 should default, the others would assume
 the responsibility.

Mr. H. W. Gwaltney stated that he felt
 the town should have some valid instrument, a
 note bearing no interest, to cover the \$7500 provided
 by the fine citizens and that all the Community
 Hall funds on hand and collected in the
 future should be in the Town Treasurer's Community
 Hall fund account. The Treasurer was asked to
 contact the other Treasurers of Community Hall fund
 to transfer the Town's account and the Town to obtain
 some legal instrument to cover the \$7500.

The Mayor appointed the following

The Mayor requested that the Clerk obtain a loose-leaf note book and type minutes in same.

The Mayor stated that the present Town limits on Church Street extended were not true and the Street Committee was asked to establish the correct Town limits.

On motion made by W. J. Hallows seconded by J. B. Town the Clerk was asked to write the legally Virginia Municipalities attorney reviewing the appropriation made by the Council for the proposed Community Hall in view of enlightening the Council of the legality of its action.

Dr. Ames report for the Principal of the Smithfield High School a policeman for the corner of Institute & Main street at 2:30 each school day to direct traffic while grammar school children would be crossing the street. Dr. Ames was asked to report back to the principal that the town having only one policeman he couldn't be promised to be at any one place at a certain time each day.

The Mayor asked that the ordinance on parking of trucks on Main street be amended to exempt pickup trucks. No action was taken.

It was brought to the attention of the Council that there were many who had not obtained town tags. The Mayor was asked to take action on same.

Dr. Ames suggested that his Committee had investigated the Port of Syles' colored development for dumps and found it satisfactory. It was suggested that the Committee contact the Portland Cement Co. on obtaining by lease, since it was understood they would not sell, a reserve on the power of F. J. Edwards. Mr. Hallows volunteered to do this and on motion made by J. B. Town, seconded by H. W. for after the Committee was given the authority to act, if possible to obtain this land from Portland Cement Co. for city dumps.

The Mayor brought to the Council's attention that it was due time the town had extended their city limits, and this should be done before the 1950 census taken. He suggested that Main street be extended to East Spring Run road, Corn Street through the High School, include Riverview and the industrial section on Route #10, this would increase the population 500, increase the revenue to be in ABC Projects and Real Estate taxes. Springfield Water Co. stating the fire hydrant
in front of Springfield School had been moved.
The report of fines collected for the month

The bills for the month were presented
and ordered paid.

The bids on the bricks and broken concrete
removed from sidewalks were opened and read
as follows: H. S. Staphors \$11.00 for entire pile of
concrete and L. W. Swalley \$11.50 for entire pile
of concrete and bricks. Mr. Swalley stated that
it was his opinion that we had to bid on the
entire lot. Since there was this misunderstanding
it was decided to re-advertise asking for bids
separately and together, bids to be opened by St.
Committee in Sept. 17 at 12 noon.

The Mayor stated that he had had a phone
call in regards to Public Rest Room. No
suggestion was offered as to installing of same.

The Mayor requested the Council rescind
this action taken in March, which took the
taking of Town Closes from him, stating that it
was done through personal spite of one of
the Councilmen. The new Councilman being un-
familiar with this action, it was decided to
take no action at present.

Mr. H. W. Swalley requested that he had
been approached by a member of Springfield
Women's Club in obtaining use of the room
in new Community Hall for a kitchen. It was
felt that no intelligent action could be
taken at this time.

Mr. Towns requested that 3 driveways
on Main Street had been made inaccessible
to the property by the raising of the sidewalk and the Contractor
said it was his responsibility to fix same. Mr.
Towns was asked to get in touch with W. S. Griffith,
Mr. Engineer St. Highway Dept. and find out what
State does in similar circumstances and to
follow as State does.

There being no further business the
meeting adjourned, after which bill for dinner paid.

The Town Council held a special meeting Friday afternoon at 5:30, Sept 23, 1949. Those present were Mayor J.W. Thomas, Councilmen C.W. Gwaltney, W. J. Holloway, R. J. Ellick and Proxy of H.W. Gwaltney, appointing W. J. Holloway his representative, Chief H.S. Hubbard.

The Mayor stated the meeting was called to give the Council's wishes in hiring an attorney. R. Thomas stated he had ordered Mr. Hubbard to issue warrants against one brick mason and 3 helpers who were working Sunday on the property of Dr. Lee Parker Jr., since this was a violation of a town ordinance that prohibited working on Sunday except in case of emergency.

Mr. Holloway stated he felt this was a case of emergency, since the steps to a doctor's office were being laid at a time he did not have to give time and felt it to be a needless expense to the town to hire an attorney, as felt Court would rule an emergency existed.

After a general discussion, W. J. Holloway made motion, second by R. J. Ellick that the summons be withdrawn on the ground that these men had a right to work on Sunday on an entrance to a doctor's office, since a doctor's office was conducted which is necessary. C.W. Gwaltney second the motion, which was duly carried. There being no further business, the meeting adjourned.

The Town Council held its regular monthly meeting Tuesday night, Oct. 4, 1949, in the Council room. Those present were Mayor J.W. Thomas, Councilmen H.W. Swalley, J.B. Turner, C.W. Swalley, W.J. Hallon, R.J. DeLoe, J.W. Amos, Police Chief F.P. Chapman, Police Chief W.S. Haddock, Visitors J.J. Scott, C.L. Scott and K.J. Leach.

The Mayor called the meeting to order and the Clerk read the minutes of the last and special meetings, which were duly approved. Mr. Hallon reported that he had met with representatives of Lone Star Cement Co. on leasing land for town dump, but they would not grant permission for same, since their tenant of 30 years was appraised to same. The Committee was asked to continue until suitable place could be found.

A letter from League of Virginia Municipalities legal department was read stating that in their opinion the town could appropriate money towards Community Hall.

The Mayor brought to the attention of the Council the need of preparing for 1950 Budget at an early date and all Committee heads were asked to present their expected expenditures to Finance Committee Chairman at an early date.

Mr. Turner reported that two bids were received on bids and broken concrete - C.W. Swalley \$165.00 and A.E. Stephens \$137.01, the bid of Mr. Swalley being accepted.

Mr. Turner also reported that his Committee had met with Engineer and Contractor on street improvement work, stating that additional work had to be done in addition to original contract. Some work on Main Street had to be delayed at a cost of \$11.00, the fault lying with town and Contractor and the Contractor had agreed to take \$100.00 off this account leaving a balance due of \$4195.64, which his Committee recommended being paid. On motion made by H.W. Swalley, second by J.W. Amos the town was authorized to pay said Contractor a balance of \$4195.64.

Mr. Hallon read a letter from F. F. Jennings Deputy State Fire Marshall to Fire Chief F.P. Chapman stating that he had noticed auto mobiles being allowed to park in front of Municipal Theatre and asked that town take the necessary action to eliminate this condition. The Police Chief was asked to keep this area open at all times.

One hundred feet of 2 1/2" ^{fire} line was ordered for replace-
 ment. On motion made by J.S. Town, second by

N. Hallowsy asked that the town refrain
 from laying permanent construction curb or sidewalk
 and curb & gutters under Lane a 30' right of way,
 which state requires town taking over a street;
 the Highway dept. being allowed to take over as much
 as 1/4 mile of streets each year. N. Town stated
 that it was cheaper to the town to do the work
 on Cedar street now, when the hill works badly and
 that state would take over at any time there
 was a 30' right of way regardless of sidewalk,
 curb and gutters.

N. Town reported that he had a
 bid from E. J. Cornwell for grading, servicing,
 graveling and laying of two coats of tar on
 Cedar street for \$844.75, then his 1007 sq.
 yards, N. Lippie, dist. Engineer recommending
 accepting this bid. On motion made by J.W. Brown,
 for city, second by J.W. Brown the State
 Committee was authorized to accept this bid
 and at same time try and get a right of

 street where needed.

The Mayor extended an invitation to

 were appointed as a Committee to meet with
 U. E. S. P. Co. and decide on granting the above
 request.

N. Leachy presented the Community Hall
 plan and a general discussion was held in
 regards to adding the kitchen and frame work
 of stage at some time eliminating some un-
 necessary expense. N. Leachy was asked to draw
 up plans for same in order that they might be
 presented to the contractor and get the cost
 of this construction.

The Treasurer reported a balance of \$46,239.63
 in Community Hall fund, \$5760.00 being turned in
 by Leo W. Haysford and \$450.23 being turned in by
 J. M. Bennett.

The bill for the notes were presented and
 ordered paid. There being no further business the meeting
 adjourned. J. W. Brown, Clerk

For the past two years there had been friction with the Police Committee, from whom he had had no cooperation. He had been promised an office - furnished - but had none had one.

The Mayor was requested to check on the Police in enforcing the Town Ordinance and to try and get a right of way from the property owners on Cedar Street for widening same. The Mayor was asked also to contact the Moose Lodge, C.W. Gwaltney and P.D. Gwaltney for the obtaining vacant lots owned by them for the purpose of free parking in town, the town to keep up such property while used for same.

On motion made by J.E. Turner, second by H.W. Gwaltney the Mayor's salary was raised to \$100.00 per month, effective October, 1949, Dr. J. F. Whitley Jr. was to be asked to try all Town cases in town at a salary equivalent to the cost until the Charter could be amended to take care of the trying of cases in town. The motion was duly carried.

On motion made by W.J. Hallway, second by J.E. Turner not more than \$300.00 was appropriated for the purpose of furnishing the Council Room, Trial Justice and Mayor's office.

Dr. Gwaltney reported that he had tried to contact Dr. D. A. Shanks on obtaining a right of way on his property on Long Street but had been unable to do so.

Dr. Turner reported for Dr. C.W. Gwaltney that Mrs. N.K. Jones garage had been torn down and lumber removed to the present property and recommended paying Mrs. Jones \$100.00 for purpose of erecting same. On motion made by Dr. Gwaltney, second by J.E. Turner the Town was authorized to pay Mrs. Jones \$100.00, after obtaining from her a signed quit-claim.

The Town Council held its regular monthly meeting Tuesday night, Jan. 3, 1958 in the Council room in the Fire House. Those present were Councilmen J. E. Turner, J. W. Brown, W. J. Hallaway, C. W. Swallow, Attorney H. S. Stephens, Fire Chief F. P. Chapman, Police Chief H. S. Hubbard and visitors J. J. Scott and Glenn Scott.

In the absence of the Mayor W. J. Hallaway was elected President pro-tem.

Mr. Turner brought to the attention of the Council that it had been illegal to raise the Mayor's salary, since the Charter stated the salary not to be over \$300.00 per year. On motion made by J. E. Turner, second by C. W. Swallow, the Attorney was asked to take the necessary steps in having an emergency amendment to the Charter presented at General Assembly having the Mayor's salary not to exceed \$600.00 per year.

On motion made by J. W. Brown, second by J. E. Turner the action taken by the Council at the Oct. 11 meeting in raising the Mayor's salary to \$500.00 per month was rescinded until it could be made legal by amendment to town Charter at the General Assembly.

The Attorney brought to the Council's attention that the Town could petition the Court requesting the trying of cases by Trial Justice one day a week in the Town, with the fees continuing to be paid to the town and the cost to the state. At the same time the Town could ask the Compensation Board for additional funds for Trial Justice.

Mr. Hallaway reported the Fire Committee, at the suggestion of the Council, had met the second time with the Board of Directors and Executive Board of Springfield Volunteer Fire Department and it was the Fire Department's opinion that the Police did not do anything in the actual functioning of Fire Equipment and that the Firemen did not have the time; The Board of Supervisors of the County were in favor and would pay 1/4 of the salary for a man, the Firemen 1/4 and the town 1/2. Mr. Hallaway also stated that Phobbs had 4 paid men which ^{was} not in place in the Volunteer group. The paid men's duties were to be the training of the personnel, keeping the group active, keeping the equipment in top shape, solicit funds from outside interests and right work except in case of an emergency. The Fire Committee was unanimous in recommending to the Council that they participate with the County & Fire Department in full time man. Mr. F. P. Chapman the man being available and selected. Mr. Chapman was asked by the Board of Supervisors to lead paid their donation and

paid on matn. made by J.B. Tuen, recd by W. J. Holloway.

Mr. C.W. for attorney asked the Council if they wanted to put asbestos shingles instead of asphalt shingles on the Community Hall at an additional cost of \$600. On matn. made by J.B. Tuen, recd by W. J. Holloway it was decided to use the asbestos shingles.

Mr. for attorney presented Mr. Keas figure of \$3,319.84 for the kitchen. It was decided to wait on the kitchen until Town found out how much additional money would have to be borrowed to pay for present building and at the same time Mr. for attorney was given the authority to cut on the light fixtures.

Mr. J. J. Beatt was asked to write an article in the next issue of Smithfield Times appealing to the unpaid pledges and giving the figure on a kitchen.

The Clerk reported that Mr. F. M. Barrett and Mr. J. L. Whitley Jr. were interested in renting the office in the Tin House when available.

Mr. Hubbard reported on inspection of fire hydrants and the Clerk was asked to write R. R. T. Deek, President of Smithfield Water Co. informing him of the conditions and asking that steps be taken immediately for correction.

Mr. Holloway asked that the Council think of means of additional revenue to the town, such as parking meters and as Perry, who is now requiring permits for additional buildings or buildings costing \$500 or more, which brings to the Commission of Revenue additional assessments.

There being no further business, the meeting adjourned.

A special meeting of the Town Council was held Wednesday night, Jan. 11, 1950 in the Council room of Fire House. Those present were Mayor J.W. Shores, Councilmen R. J. DeLoe, W. J. Hallway, J.W. Ames, H.W. Swallow, C.W. Swallow, J.E. Turner, Police Chief H.S. Hubbard, Visits J. J. Scott.

The Mayor called the meeting to order stating the purpose of the meeting was to discuss the unfinished business of hiring a full time paid man on Fire Department.

Mr. Hallway asked that the other members of the Fire Committee express their opinion.

Mr. H.W. Swallow stated he was in favor of hiring such a man if the Town had money promised by Fire Department in advance and with the reservation that Town can terminate the agreement at any time.

Mr. Turner stated he felt it would not work to hire such a man unless he was under the complete supervision of Town, for in the agreement he would be working out of Town part of the time.

Mr. C.W. Swallow reported that a recent meeting of the Board of Supervisors it had not been brought up about Shasta County paying one-fourth of salary of such a man.

After a general discussion W. J. Hallway made motion, seconded by H.W. Swallow that the Town accept the Fire Department's proposal that Town employ F. P. Chapman and obligate itself for one-half of his salary of \$50 per week pending receipt of 6 months salary in advance of the other half of main salary from Fire Department, said agreement to be subject to termination after 30 days notice by either party, said man to be under supervision of Fire Committee of Town Council and a similar Committee from Fire Department to state such duties which would be under the general supervision of Council.

The voting "yes" on above motion: H.W. Swallow, W. J. Hallway, R. J. DeLoe, J.W. Ames.

Voting "no" - J.E. Turner, C.W. Swallow. There being no further business, the meeting adjourned.

of the fire house. Those present were Councilmen

Attorney Stephens read a waiver of the formal
call and formal notice of this special meeting
which was duly signed by Councilmen and
included on page 60.

Mr. Stephens stated that according to
the Charter of the Town the Council could fill
a vacancy of the office of the Mayor but
according to the Code of Virginia no person,
who is a member of Town Council or has served the
Town for one year can be elected or appointed
by Council for any office. However, the Council
can elect a President pro tempore, who does
not have to vote and will perform the duties
of a Mayor until one elected.

No action was taken in filling the
vacancy of the Mayor.

J. E. Tamm made motion, second by R. J.
Deek that H. W. Swalley be appointed President
pro tempore. The motion was duly carried.

On motion made by J. E. Tamm, second
by C. W. Swalley the Attorney was requested
to have the Town Charter amended to give
the Council the right to fill any vacancy in
office of Mayor from the members of Council
who is elector of town. The motion was carried.

Mr. Stephens brought to the attention of
the Council that in appointing a Town Sergeant
he had to be an elector of town. Mr. Stephens
was requested to have the Charter amended
so that one who is not an elector of town
can be appointed Town Sergeant.

Mr. H. W. Swalley appointed W. J.
Hallows and J. W. Tamm as a Committee to
draw up a resolution in regards to the death
of the Mayor, a copy be sent to his widow,
a copy spread in the minute book and
a copy be published in Smith's first Times.
There being no further business, the meeting
adjourned.

NOW THEREFORE BE IT RESOLVED; that we cherish his memory and association and declare he was ever found to be a gentleman of the highest quality, always interested in the welfare and happiness of his fellow man - courageous in his stand for the right and consistent in his condemnation of the wrong. He was a scholar that never ceased to add to his great store of knowledge - knowledge that revealed the history and deeds of a community he loved so well. He was a gentleman of culture but could appreciate the frailties of the less fortunate and his departure from this natural life is, and will be felt in this community beyond comparison, but ~~that~~ we bow in submission to the will of our Heavenly Father, remembering that ~~he~~ is "too wise to err" and "too good to be unkind".

Miss Ida Wright Chapman
 Clerk & Treasurer
 Smithfield, Va.

Dear Sir:

The annual state-wide central police training school will be held at State Police Headquarters for two weeks, May 29th to June 9th.

No registration fee will be charged and the only cost will be \$30.00 per man for the two weeks period to cover the estimated cost of room and meals. The school will be conducted in the same manner as in previous years and will embrace a thorough course in practical police administration, under the supervision of a large and capable staff of instructors.

Applications for the school will be honored in the order in which they are received, up to the maximum capacity of the school. This letter is being sent to key officials of the cities and towns and also to chiefs and sergeants with the request that you make a special effort to arrange for your new men particularly and also your older men who have not attended the school, to take advantage of this course of instruction. Nearly eight hundred men have gone through this central school in previous years and we would like to have every department represented as fully as possible.

Gentlemen:

If someone offered you a thriving, profitable business for absolutely nothing, but 50 per cent of the profits for approximately two years, after which the business would be entirely yours, would you accept?

Perhaps not without investigating first, but after finding everything the offerer said to be true, you would accept and enjoy the profits of the business thereafter.

That is precisely what we propose to do, put your City in a business that not only has proven very profitable in the past but will regulate that curb parking "headache" at the same time.

Mi-Co Parking Meters cost the City absolutely nothing since we prepay freight and installation charges and then upon turning the entire working system over to the City ask that we be repaid only 50 per cent of the revenue derived from the meters until the purchase price is met. After our share of the revenue equals the purchase price, title to the meters automatically reverts to the City.

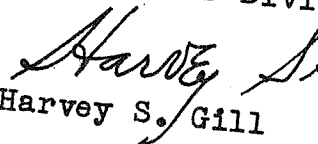

The Mi-Co Parking Meter costs only \$58.50 each installed and ready for operation and when the Mi-Co installation is made it is complete with collection system, equipped service kit, spare meters, etc. The service man you select will be given a complete service course at our factory and at our expense. The installation of the meters is made by one of our engineers who will see that the entire system gets under way properly and ads will appear in the local newspapers showing the motoring public how to use the meters properly. All this is included in the installed price.

Cities that already have paid should also investigate Mi-Co install the low operating cost of this meter to bring in the most revenue year after minimum of servicing. The simple, run out of order and when a service call made right at its location and no revenue City. The collection system is designed it is not necessary for a City employee to keep the meters functioning properly the timer by a simple turn of the hand in the same amount of time consumed in

Yes, the Mi-Co parking meter has of over ten years in high earnings and May we be given the privilege of furnishing and figures on Mi-Co Parking Meter operation

Yours very truly

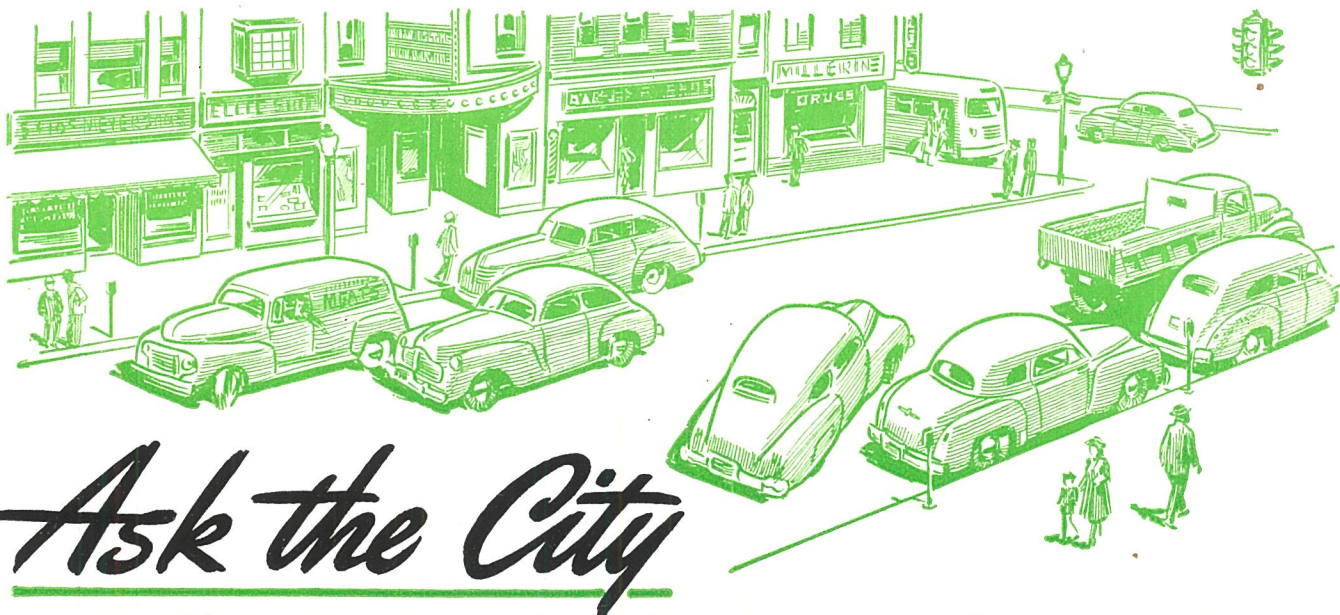

THE MICHAELS ART
Mi-Co Meter Division

Harvey S. Gill

HSG:es

P.S.

If the City or Town elects to install the price will be \$54.50 F.O.B. destination price includes Meter heads, pipe standards

Ask the City

that has had meters in service five years or more

Here's the one sure way to settle the question of how well a meter performs over a long period of time, and whether or not it will earn as much five years after installation as it did the first year.

And by asking the city that has had meters in service five years or more, you can settle other questions, too. For example: The all-important matter of maintenance over a period of years. The ability of the meter to absorb punishment year after year without breaking down. How it behaves under varying climatic conditions.

You will get a good idea of a meter's worth when you check reports from cities where they have been in operation for five years or more.

In this respect, MI-CO Meters have an enviable record of dependable operation and low cost maintenance. Some MI-CO installations are ten years old, with earning capacity undiminished, and where upkeep expenses continue to be unusually low. We'll be glad to send you these reports, and to give you a list of MI-CO installations of five years and over so you, too, can check with them.

Why take chances? Play safe by installing dependable MI-CO Meters—the meter with a background of ten years of reliable service.

Parking Meters earn more because they cost less to maintain

Parking Meters Collect \$379,063

Revenues collected from parking meters installed in Oakland amounted to \$379,063 during the fiscal year ended July 31, 1949, according to a report made public today by Dudley W. Frost, manager of the Downtown Merchants Park-

ing Association. Frost, in a letter to D. W. Henderson, association president, pointed out that when the first meters were installed in April 1947, it was expected that they would help relieve traffic congestion, but would not raise revenue.

Frost's report, based on figures prepared by Jay Czizek, Oakland traffic engineer, who laid out and planned the meter installations, show that collection and repair costs in Oakland surprisingly have proved from 5 to 10 per cent lower than in various other metered cities.

According to a study in The American City, a national publication which surveyed meter figures in cities throughout the nation, collection and maintenance costs vary from 12 to 17 per cent of the collection return in the cities studied.

In Oakland, with collection expense amounting to \$12,640 and maintenance expense running to a figure of \$17,183, the \$29,823 total amounts to only 7.8 per cent of the meter revenue.

Oakland (California) Tribune
Tuesday, Aug. 16, 1949

It's a matter of economics. Keep operating costs down, and all other things being equal, earnings will take care of themselves. Not only in Oakland, but in every installation MI-CO Parking Meters are doing a good job. They are built to withstand punishment, and cost less to maintain because they are seldom out of order. As a result, their operating hours are more productive. Furthermore, maintenance will be just as low, and earnings just as high ten years from the time they are installed. Worth considering, isn't it? If your plans call for metered parking or the installation of additional meters, MI-CO has some very interesting figures to submit. May we send you all the facts?

Dear Mr. Thomas:

There is "a reason why" for almost everything! But there are a lot of reasons why communities are replacing old style single parking meters with the new, modern Alfco Twin Automatic Parking Meter.

Here are some of these reasons - and all are beneficial to your local community. We welcome the opportunity to go over them with you in detail!

1. One Alfco Twin parks 2 cars instead of 1.
2. Alfco Twins cost less to buy.
3. " " cost less to install.
4. " " cost less to maintain.
5. " " cost less to service (collections, etc.)
6. " " cost less to police.
7. " " provide more space for motorists.
8. " " provide better vision of traffic lanes.
9. " " help reduce traffic congestion.
10. " " help reduce traffic accidents.
11. " " help move traffic faster, more safely.
12. " " reduce sidewalk encumbrances.
13. " " improve appearance of city streets.
14. Alfco Twins win the good-will of your motoring public, because the Twins provide more space for entry and exit without reducing the number of parking spaces.
15. Alfco Twins are available in models to suit your needs for parallel, angular, or for off-street parking lots.

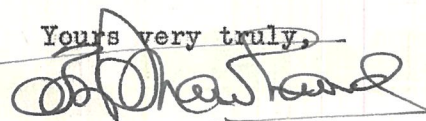

Alfco Twin Automatic Parking Meters are made by one of America's most reliable manufacturers of fine quality products, with a background of 115 years of continuous Engineering service...American-LaFrance-Foamite Corp., world renowned for fire-fighting apparatus.

Alfco Twins are the only parking meters offering so many good reasons for replacement of old style single meters. Their outstanding record of dependable service all over America is confirmed by unsolicited letters of commendation.

May we have our representative call and demonstrate these reasons to you with standard type Alfco Twin Automatic Parking Meter samples.

The courtesy of your reply will be greatly appreciated.

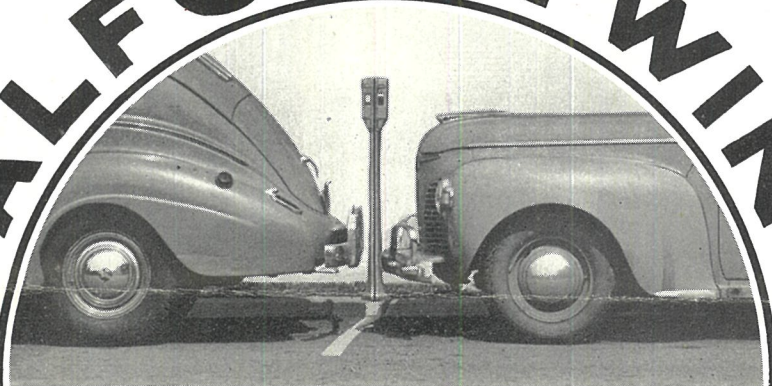

Yours very truly,

T. L. Strawhand

Alfco Twin Automatic Meters are the greatest innovation in metered parking control because one Twin Meter does the work of two ordinary meters at about half the cost of initial purchase, at one half the cost of installation, maintenance, servicing, and collections, yet serve just as many parking spaces with greater convenience to citizens, and enhance the good looks of city streets, and parking areas.

Alfco Twin Automatic Meters are the most economical to purchase and install because in addition to all these other advantages, they pay for themselves in about one half the time required to pay for the ordinary meter which parks one car only.

Orders are now being accepted. Write for detailed information.
